BUSINESS & INDUSTRIAL DEVELOPMENT FORUM

**BUSINESS & INDUSTRIAL
DEVELOPMENT FORUM**

Businesses and Industries are integral part of prosperity and development of any country. Businesses need to be encouraged. In a country of 140 crores population when there is always a pressure on job generation, the need of the hour is to produce more entrepreneurs and encourage start - ups. It is such above reasons that has helped us to come together in the form of Business and Industrial Development Forum (BIDF). Through BIDF, we plan to encourage small, medium as well as large businesses through various activities like educating them, conducting of motivational seminars, organizing of various trainings as well as business tours and also support businesses to liaison with government for different business policies, regulations and laws for facilitation. I welcome all business owners, industrialists to the BIDF. Let's join our hands together for a better future of the business community and our nation.

Sanjay D Ghodawat

President, BIDF

I am happy to be a part of the BIDF. I see it as a catalyst of bringing change in the business community and our society for the betterment of all concerned. BIDF promotes activities that encourage and facilitate business and industries. In the rapidly changing world and a world fraught with technological changes, business and industries need to keep up with the modern - day pace. BIDF purposes to help business keep themselves up to date with the current trends and mutually find ways to address many challenges of our societies through better innovation, production and services. I welcome you to join the BIDF Family

Annasaheb Chakote,

Vice President, BIDF

Vision

Inspire, empower and help transform regional businesses & professionals to become world class.

Mission

- To build and enhance efficiency & capacity of enterprises and industries through knowledge sharing and skill development.
- To expand business opportunities with sustainable growth.
- To mentor enterprises and industries on designing a policy framework and problem solving.

Core Values

Passion:-

Ultimately, passion is the driving force behind success and happiness that allows us all to live better lives. Passion gives you a reason to keep learning and to work toward mastery.

Synergy:-

The whole is greater than the sum of its parts to achieve mutual growth amongst stakeholders. Synergy cultivates a sense of place and belonging for the people of the organization.

Diversity:-

Diversity brings in new ideas and experiences, and people can learn from each other. Bringing in different ideas and perspectives leads to better problem-solving. Working in diverse teams opens dialogue and promotes creativity.

Transparency

We promote transparency in its operations as it builds trust, expands relationships, increases Productivity and strengthens Innovation.

Integrity

Integrity means that we are truthful and honest in all areas of life, in our professional work and in our personal lives. When faced with difficult decisions and hard choices, we do the right thing, even in the face of adversity.

Mentorship

Mentoring is a brain to pick, an ear to listen & push in right direction. We believe in mentoring new generation as well as existing business mind to enrich them with professional approach by using our experience

Objectives & Strategies

- Unite business enterprises and industries for imparting knowledge, skills and ideas.
- Enthrust competitive and professional approach.
- Voice a policy input, representing specific problems for enterprise with concerned authorities.
- To serve as an engagement platform in order to build people-to-people contacts by arranging vocational visits, exhibitions and summits for business growth.
- Provide access to technologies.
- Enhancing exposure by arranging sessions and workshops of business leaders & motivational speakers.
- Establish a sector wise business network and database for easy access of information
- Follow up with concerned authorities to enhance infrastructure to national & international standards for business and industrial growth.
